## Haus am Gern | 24.10.2011 | 19:30 | A Lecture

When does custom create law? Customary law is a recognized source of ruling within jurisdictions of the civil law tradition, but because it is not based on reasoned decision-making, it can become subject to discussion and interpretation. Invited by Mamuta at the Daniela Passal Art and Media Center and part of Culturescapes Festival in realizing an artwork in public space, the artist couple Barbara Meyer Cesta and Rudolf Steiner from Switzerland (aka „Haus am Gern“) will be dealing with the topics of custom, law and the transgression of borders in a simple but ambiguous way.
